Bia

Chip Size : **5x5 cm**

Size per Sheet : **30x30 cm**

Surface: **Gloss**

The natural forms of sea shells found across the coastal landscapes of the Nusa Tenggara islands are reflected in organic textures and layered blue tones, echoing the visual language of marine materials shaped by the sea. These subtle patterns are translated into expressive ceramic glaze surfaces, capturing the depth, movement, and mineral character of the ocean. This collection presents Indonesian craft heritage as a new architectural surface language.

Bela

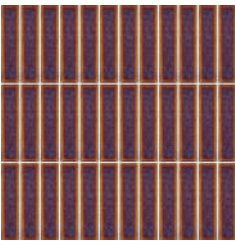

Chip Size	: 2,5x10 cm	Surface: Gloss
Size per Sheet	: 30x30 cm	

Bela reflects the refined tradition of ornamental adornment found across Eastern Indonesia, where crafted details bring balance and character to cultural objects. Rhythmic vertical elements translate this decorative language into expressive ceramic surfaces, highlighting texture, depth, and the subtle interplay of glaze and light. This collection presents Indonesian craft heritage as a new language for architectural surfaces.

The Indonesian archipelago is full of endless beauty waiting to be explored. One of them is Alor Island. Roman interpreted it through Alor Collection in the form of a mosaic 5x5 with 30x30 cm sheet size. Once installed, the final look resembles a neat arrangement of small tiles, which is ideal for creating a dynamic and rhythmic impression on interior walls. This series is ideal for kitchen backsplashes, bathrooms, and other decorative accents.
