WHY ROMAN?

Proudly Made in Indonesia

Manufactured 100% in Indonesia, we ensure reliable stock availability and a consistent supply for your projects.

Extremely Durable

Classified as B1a porcelain tiles, ROMAN tiles are built for superior strength and long-lasting performance

Low Porosity

With water absorption below *0.5%, our tiles resist stains and moisture — ideal for both indoor and outdoor applications.

900+ Motifs

Over 900+ designs — from marble, natural stone, wood, to vintage and beyond — to meet every design need.

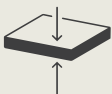

Precise Edge

Excellent flatness and precision-cut edges for a neater, more luxurious installation result.

Complete Range of Sizes

From mosaics, step tiles, and wood planks to squares and rectangles — a full range of sizes for every application.

3 Thickness Options

Available in **6.5mm**, **8mm**, and **20mm** — **the thickest in Indonesia** — adaptable to any function and installation area.

Innovative Surface

Advanced technology delivers innovative surface finishes that elevate both beauty and everyday tile experience.

Crafted for the Future:

Our Commitment to Green Manufacturing

Waste-Heat Reutilization

Reclaiming manufacturing heat to power our drying process.

Reservoir Production Water

Produced entirely using harvested rainwater via our 50,000m² reservoir.

Clean Energy

Powered by clean-burning gas to significantly reduce air pollution

Solar Power Integration

Generating our own clean energy through dedicated factory solar panel installations.

Waste Water Management

Continuously recycling production water to eliminate waste.

Green Factory

Surrounded by over 25,000 trees standing taller than 5 meters to absorb carbon emissions.

Surfaces

POLISHED GLOSSY

A glossy surface that reflects light beautifully for an elegant look.

GLOSSY

A smooth glossy surface with a subtle shine for a clean, modern look.

MATT

Surface that does not strongly reflect light, resulting in a more natural appearance on the tile surface.

RADIANT

Radiant finish with an understated sheen between gloss and matte, designed for an elegant look and a premium touch.

STRUCTURED GLOSSY

A glossy surface with subtle structure that creates dynamic reflections under light, offering a more dimensional and expressive finish compared to conventional flat gloss.

STRUCTURED MATT

non reflective surface enriched with structure, designed to bring depth, character, and natural visual interest to the tile.

BABY SKIN

As smooth as baby skin, offering a pleasantly smooth feel at every touch.

STRUCTURED RADIANT

A subtly structured surface with an understated sheen between gloss and matte, designed for an elegant look and a premium touch.

Features & Effect

SOFT GLOW

Subtle shine on selected tile areas, adding a lively yet elegant look.

GLOSS ON MATT

Glossy accents on a matte surface create depth and refined contrast.

CRYSTAL EFFECT

Crystal-like sparkling particles reflect light for a luxurious, elegant finish.

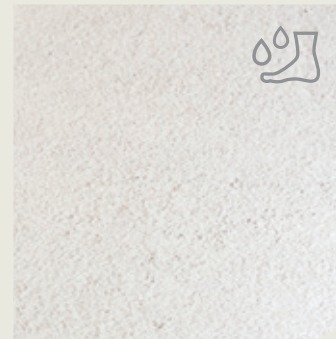

GLITTER EFFECT

Glitter-like particles create a soft shimmer and enhance visual appeal.

SPECIAL RELIEF

Relief texture follows the design, adding subtle depth and a premium feel.

ANTISLIP P3-P5

Provides better grip for a safer, more comfortable surface.

ENDMATCH

Seamless marble veins create a continuous, elegant flow.

Alternative 2

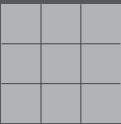

dPania Continua 60x60

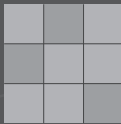

- The veins (pattern) can seamlessly connect on all sides (left, right, top, bottom) to create an end-match pattern, regardless of whether the veins are installed randomly (swapped between pieces)
- Please open several boxes before installation to ensure proper alignment

SHADE VARIATIONS

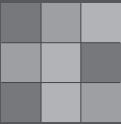

Shade variations are the characteristic of the tile that deliberate and visible differences in graphics and colour hue. Digital Tecnica Technology creates stunning porcelain tiles with hyper-realistic surface tones, markings and textures which mimic a range of natural materials including; stone, timber, terracotta, cement, mosaic, marble and more.

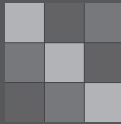

V1 (Uniform Appearance)
Differences among pieces from the same production run are minimal.

V2 (Slight Variation)
Clearly distinguishable differences in texture and/or pattern within similar colors.

V3 (Moderate Variation)
Amount and intensity of colors on each piece may vary significantly.

V4 (Substantial Variation)
Random color differences each tile, so that one tile may have totally different colors from other tiles.

ANTI SLIP P3-P5

Antislip is a surface characteristic designed to provide better grip and reduce slipperiness, creating a safer and more comfortable spatial experience.
